Bravilor TH Brewer

The Bravilor TH Brewer was developed as a commercial grade coffee machine to serve 2.2 litres of freshly brewed filter coffee into an Airpot Furento portable flask, quickly and without a water mains connection. The Airpot Furento unit keeps up to 2.2 litres of coffee or tea at the right temperature ensuring its aromatic flavour. The ergonomic pump handle makes serving easy.

- Delicious, fresh filter coffee
- High-quality stainless steel combined with black accents give the machine a modern appearance
- The coffee is brewed directly into a Furento Airpot or vacuum container
- Signals indicate when the coffee is ready and when the machine needs descaling

Weight 5 kg

Dimensions 545 H mm. x 235 W mm. x 406 D mm
