

ICE CAP 62 DF

The ICE CAP 62 DF is a high quality catering grade gravity fed, single or twist twin flavour floor standing soft serve machine. The ICE CAP 62 DF can serve ice cream, frozen yoghurt or sorbet. An excellent high volume output of 450 portions per hour in either cones or tubs, mixed twist or two separate single flavours.

Thoughtfully designed with digital micro-processor control and constructed with high grade stainless steel the ICE CAP 62 DF is both simple to use and easy to clean. The robust ICE CAP 62 DF is sure to meet any demanding establishment's need for speed and quality.

- Two ice cream flavours and a third twin twist flavour
- Hopper agitator to maintain product consistency & prevent product separation
- Two control panels, one for each hopper

- Automatically regulates refrigeration and maintains consistent product quality by controlling product temperature and viscosity
- Mix low level indicator warning
- Up to 450 cups per hour (80 gram/cup)
- Produces delicious ice cream or frozen yogurt
- Precise temperature control ensures consistent quality
